

Leader in energy conscious computing & communications solutions for datacenter, telecom, enterprise & consumer applications. Products including PowerPC processors, transport products, Ethernet Phys (10, 40 & 100 Gb), PMD, framer & mappers.

[www.appliedmicro.com](http://www.appliedmicro.com)

Motherboards and single board computers (ATX, mini ATX, micro ATX, mini ITX, nano ITX, ETX & custom) products for the industrial, OEM/ODM and embedded PC industries

[www.bcmcom.com/BCMusa.htm](http://www.bcmcom.com/BCMusa.htm)

4-, 5- and 8-wire Resistive; Surface Acoustic Wave (SAW); Capacitive; InfraRed (IR); and Matrix screens. Integration capabilities. Other products include: membrane switches, rubber keypads, smart cards and copper flex circuits

[www.dawar.com](http://www.dawar.com)

Interconnect solutions for the storage, consumer, telecom, networking and industrial markets. Products for high speed backplanes (Xcede, Zipline, AirMax, Metral) dense mezzanine stacking (Meg-Array, Gig-Array, Bergstak, Conan, Bergstick) cabling, I/O, terminal blocks, power (PWRBlade, HCI) and industry standard card system receptacles.

[www.fciconnect.com](http://www.fciconnect.com)

PCI-Express switch, bridges & repeaters, FIFO's, multi ports, SRAM, timing solutions, PC Clocks, memory module devices, audio CODEC, telecom products, Serial RapidIO, capacitive touch controllers

[www.idt.com](http://www.idt.com)

RF microwave solutions with high performance products, such as UTIFLEX®, Aracon®, UTIFORM®, MFlex and Semi-Rigid cable assemblies serving the Military, Aerospace, Telecom, and Test/Measurement markets

[www.micro-coax.com](http://www.micro-coax.com)

Design and manufacture of custom battery packs and systems for any portable electronic device or stationary back-up power need

[www.palladiumenergy.com](http://www.palladiumenergy.com)

DRAM & Flash memory (SRAM, SDR, DDR, NAND & NOR) ARM based consumer microprocessors, 65 & 90 nm ASIC's, foundry services, hard drives/HDD, solid state drives/SSD, memory cards and LCD DID-display information devices.

<http://www.samsung.com/global/business/semiconductor/>

Complete Cellular & Infrastructure Components for Basestation, WLL, Wireless LAN, telemetry applications, GSM, CDMA, TDMA Power Amplifiers; RF Subsystems; Synthesizers. Trans-Tech Inc a wholly owned subsidiary offers ceramic and magnetic components, bandpass filters and dielectric resonators

[www.skyworksinc.com](http://www.skyworksinc.com)

[www.trans-techinc.com](http://www.trans-techinc.com)

Leading independent designer, manufacturer of memory products including DIMM, SO-DIMM modules, high capacity SSD's, flash cards for the enterprise, defense, aerospace, industrial automation and medical markets.

[www.smartm.com](http://www.smartm.com)

Analog switches, ceramic, tantalum and film capacitors, diodes, rectifiers, frequency control, inductors, transformers, MOSFET's, optocouplers, detectors, IR modules, IR diodes, IrDC, power IC's, DC/DC converters, LEDs, resistors & magnetics

[www.vishay.com](http://www.vishay.com)

Commercial, industrial, Mil/COTS Power Solutions. AC/DC, High-Density DC/DC converters including full, half & quarter bricks. PFC Front End Modules, Accessory and Filter Modules. 1 to 20 Outputs from 25 Watts to 4Kwatts. Factorized Power enabled by VI-Chips. Custom power solutions
